## HOW TO MEASURE YOUR FEET

1. Stand barefoot on a flat surface with the heel placed against a flat surface, like a wall.
2. Draw around the foot on a piece of paper.
3. Measure from the longest toe to the back of the heel with a ruler (your longest toe might not be your big toe).
4. Repeat this for the other foot!
5. Finally check our size guide to see what size you are - remember to go by millimeters as UK, EU and US sizes all vary with conversion.

PS. if you are in-between sizes, we recommend you go up a size (remember you will likely be wearing socks or tights!).
